

## Critique Conference 2012

### Global capitalism and the economic crisis: past, present and future

25 Feb 2012 10.00am - 5.00pm  
Room 1.09 New Academic Building,  
54 Lincoln's In Fields WC2A 3LJ

The last year has witnessed a deepening of the crisis, in the Eurozone in particular. There are, however, no countries outside the global crisis. Governments have moved on all fronts against the welfare of the majority of the population, who are now beginning to react. This conference will discuss current and future forms of recation to the crisis.

#### Speakers:

**Hillel Ticktin** - Marxism and the crisis; **Michael Cox** - The death of the West? World power after the crisis; **Savas Mastas** - Greece and the decline of Europe; **Ben Backwell** - Hugo Chavez, Oil and 'Petro-Socialism' - prospects; **Yassamine Mather**: The Arab Spring
